M

Our Mission

To deliver reliable, high-quality IT products, services and solutions with honesty, transparency and quick support — so our clients can focus on growing their organisation.

V

Our Vision

To be the most trusted end-to-end IT partner for government and business, known for quality work, genuine products and long-term relationships.

Our Values

Quality First

ISO 9001:2015 certified processes in every job we do.

Integrity

Honest advice, genuine products and transparent pricing.

Reliable Support

Quick response and long-term maintenance for every client.

WHAT WE SUPPLY

IT Products

Genuine, branded IT hardware and software — supplied, installed and supported by our engineers.

PABX System

Analog, digital and IP PABX with IVR, call routing and recording.

Server Solutions

Tower and rack servers, virtualization and server room setup.

Routers & Switches

Enterprise routers, managed/PoE switches and Wi-Fi.

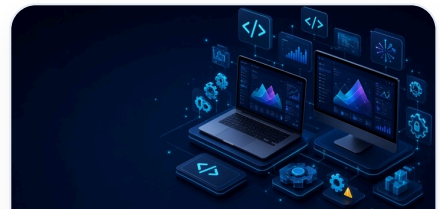

Firewall Solutions

Next-generation firewalls, VPN and web filtering.

CCTV Solutions

HD and IP cameras, NVR recording and mobile viewing.

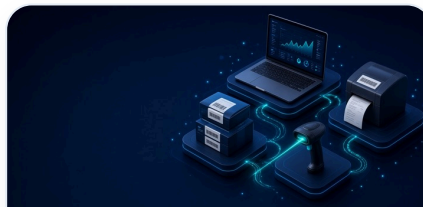

Software

Operating systems, productivity suites and antivirus.

Tally Software

Licences, GST setup, remote access and training.

BUSY

Billing, inventory and GST-ready accounting software.

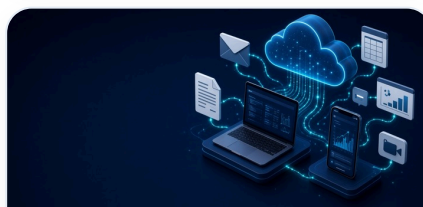

Laptop & Desktop

Branded laptops, desktops and workstations.

Printer & Scanner

Laser printers, multifunction devices and scanners.

Microsoft Office 365

Business email, Teams, OneDrive and licensing.

Need a Product?

Call 011-41677897 for a quick quotation on any IT product.

HOW WE SUPPORT YOU

IT Services

Support, maintenance and management services that keep your technology reliable and secure.

Managed IT Services

Proactive monitoring, helpdesk and patch management.

IT Support Services

Remote and on-site support for users and devices.

IT AMC Services

Preventive maintenance and priority breakdown support.

IT Licensing Services

Genuine licences, renewals and compliance support.

IT Security Services

Assessment, endpoint, email and network security.

IT Consultancy

Infrastructure planning and practical IT advice.

Cloud Computing

Cloud migration, servers, email and backup.

Laptop Repair

Chip-level repair, upgrades and data recovery.

Website Design & Development

Responsive websites, hosting and business email.

— How We Work

01

Requirement Study

We understand your users and current setup.

02

Planning & Proposal

Clear solution design and transparent quotation.

03

Supply & Installation

Genuine products installed by our engineers.

04

Support & AMC

Ongoing support to keep everything running.

END-TO-END DELIVERY

IT Solutions

Complete solutions designed, delivered and maintained around your workplace.

Audio Visual Solutions

Video conferencing, displays and sound systems.

PABX & VOIP Telephony

IP PBX, SIP trunks and multi-branch calling.

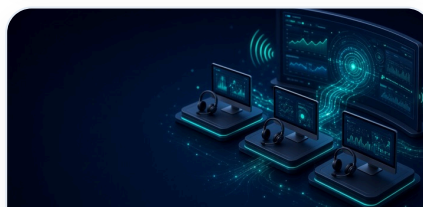

Structured Cabling

Cat6/Cat6A and fibre cabling with testing.

Storage & Backup

NAS/SAN, automated and cloud backup, DR.

Call Center Solutions

Dialers, call recording, dashboards and CRM.

Access Control & Attendance

Biometric, face recognition and card access.

Cyber Security Solutions

Layered protection — firewalls, endpoint and email security, secure remote access, data protection and regular security audits.
